2012 ANNUAL REPORT

Norwich Police

A message from the Chief of Police

January 15, 2013

To the Mayor and Common Council of the City of Norwich;

We present to you the Annual Report of activities of the Norwich Police Force for the year 2012. In the first section of this report are some highlights and interesting cases in which Norwich Police officers participated. The second portion of this report is the statistical data, in chart form, for the year 2012.

It is important to remind you of Norwich Police officers involvement in several stressful, in-depth investigations and countless calls involving danger and violence. In most of these cases, because of pending court proceedings and privacy of victims, we can not speak of them in this report.

Since our required daily involvement is with only a small portion of the population, we feel it is important to participate in activities and services that bring Norwich Police officers into contact with all citizens in Norwich. Some examples of these activities and services seldom performed by law enforcement agencies elsewhere are; car door lock-outs, wild animal calls, checking welfare of sick and elderly, school crossing guard duties, funeral escorts, assisting motorists with vehicle problems, school building walk-throughs and many, many more. Our focus of effort will always be professional responsiveness to the Norwich community as a whole.

Please contact me personally if you have any questions, comments or concerns.

Joseph Angelino
Chief of Police

2012 ANNUAL REPORT

JANUARY

January 1, 2012 - Only six hours into the year the Norwich Police overheard a radio call of a structure fire near the Fairgrounds. Officers George Carnrike and Evan Romaine went to 144 East Main Street where they found a fully involved carriage barn on fire at the rear of the residence. The Fire Department was at the scene shortly thereafter. It was learned no one was presently in the barn, but there was an antique vehicle stored inside. Investigation revealed the homeowners were away and some young adults had a New Years party on the second floor of the barn. It was determined the point of origin of the fire was a couch and most likely started by a discarded cigarette.

January 2012 - Detective Michael Purdy and PO Justin Carpenter were certified as “Police General Topics Instructors” at a NYS DCJS sponsored two-week course in Cortland, NY. This certification will allow these officers to teach classes to Norwich Police officers at monthly in-service training and officers from outside agencies at the Police Academy in Binghamton, NY. Detective Purdy and PO Carpenter join these Norwich Police officers as Certified Police instructors: Chief Joseph Angelino, Dep/Chiefs Marsh & Burlison, Sergeants Blenis & Meade and Officers Burdick & Rotundo.

2012 ANNUAL REPORT

FEBRUARY

February 4, 2012 - Sgt Tumminia was working as the Desk Sgt and received an anonymous call from a female stating a church in Norwich had been burglarized. POs Rotundo & Carpenter were sent to check the several churches in the City for signs of a break-in. A short time later, while officers were still searching, the desk received a call that St. Bartholomew's Parish Center had been broken into and officers immediately went there. At the scene PO Rotundo was able to find physical evidence from the burglar and also discovered a 'tower' type computer and monitor was missing. Sgt. Tumminia and the officers discussed the anonymous call from the female and were able to develop a suspect. The suspect was located at his State St. residence and invited to the police station for an interview. POs Rotundo and Carpenter interviewed the suspect learning details of his movements the previous evening. Officer Rotundo left the station in order to verify the suspect's alibi. PO Carpenter continued the interview which lead to the suspect inviting the officers to his house to search because he had 'nothing to hide'. Once at the residence PO Carpenter located the stolen 'tower' computer and monitor. The suspect was arrested, and eventually was convicted of burglary and larceny. He was sentenced to a lengthy term of imprisonment.

February 4, 2012 - At about 6:40PM Officers were sent to a serious injury Car VS Pedestrian accident on North Broad St at the intersection with Mechanic St. Officers determined a 27 year old female was crossing Broad St at a crosswalk from west to east. The female stepped from the curb directly into the path of a south-bound car. Several Norwich Police officers were assisting in the investigation at the scene aided by Chenango County Sheriff's deputies. Through a lengthy investigation it was determined the female was distracted and walked in front of the south-bound vehicle. The operator of the vehicle attempted to avoid the collision by locking his brakes prior to the crosswalk, but his car could not stop before striking the pedestrian.

FEBRUARY

February 7, 2012 - Chenango County Probation Department requested assistance with a search of a residence where two people under supervision were suspected of violating the terms of their court ordered probation. Detective Purdy and PO Clarke and his K9 'Weeks' assisted by a CNET member of the New York State Police met county probation officers near the Front St. residence. The two probation officers went to the residence and announced their intent to search. Shortly thereafter the Norwich PD and State Police investigator assisted in searching the residence. The search yielded a quantity of heroin, prescription drugs, marijuana and several items of paraphernalia and contraband. The adult residents were charged with the felony of Criminal Possession of a Controlled Substance, Endangering the welfare of children present and Unlawful possession of marijuana. They were also found in violation of their terms of court ordered probation. Both were sent to the County Jail.

February 2012 - The Norwich Police Department was chosen as a site for a State-wide press conference to assist Governor Cuomo with the passing the 'All Crimes DNA Collection' bill into law. NYS Office of Victim's Services Director, Tina M. Stafford, Esq. was present along with county law enforcement executives and crime victim's advocates. After the press conference Sgt Tumminia and Det. Purdy demonstrated the simplicity of DNA collection from a person.

2012 ANNUAL REPORT

MARCH

March 2012 - The Norwich Police began planning for Neighborhood Stabilization patrols. On duty officers would be supplemented by officers on overtime to focus on trouble areas and to act on intelligence gained through investigations. Officers were sent to Syracuse PD and Binghamton PD to ride, observe and learn from the Street Crimes Units at those police agencies. The need for these type patrols were recognized during surveillance and investigations of previous narcotics crimes. Results of the Neighborhood Stabilization Team will be detailed later in this report .

March 16, 2012 - Detective Michael Purdy, Sgt Patrick Blenis, POs George Carnrike and Evan Romaine, all officers of Irish descent, waiting for the order from County Judge W. Howard Sullivan to raise the flag of Ireland on the flag pole in East Park.

2012 ANNUAL REPORT

MARCH

March 14, 2012 - Residents of Griffin St alerted the Norwich Police to unusual activity at a residence on their street. Det. Purdy assisted by a NYSP Community Narcotics Enforcement Team (CNET) investigator began observations in the area. Through their investigation a second address, one block south, on Ross Ave was identified as a suspect residence. A lengthy investigation culminated with the execution of two separate search warrants at homes on Ross Ave and Griffin St. During the search process an additional address on Mitchell St was identified as a building that may hold suspects and illegal substances. Investigators quickly obtained a third search warrant for the Mitchell St address. All of this resulted in the arrest of six people, two from Utica, NY. Several felony drug sales and possession charges were filed along with many other misdemeanor charges.

Norwich Police officers and deputies from the Chenango County Sheriff in the NPD classroom receive last minute instructions prior to executing search warrants.

March 28, 2012 - The Norwich Police Department was invited to participate in a career day at the SUNY campus in Norwich. Sgt Tumminia, PO Clarke and H.R. Director Deborah DeForest spent the day answering questions and encouraging those present to take the next Civil Service examination for the position of Police Officer.

2012 ANNUAL REPORT

APRIL

April 10, 2012 - PO Reuben Roach was recertified as the department's only Drug Recognition Expert (DRE). This lengthy and difficult training allows PO Roach to expertly testify that a person is under the influence of a specific type of drug or illegal substance. The use of a DRE is becoming more common place, especially with people operating motor vehicles after using substances other than alcohol.

April 24, 2012 - Chief Angelino, along with law enforcement executives from Central New York were invited by Ford Motors Fleet Division, to Syracuse, NY to drive the next generation Ford police cars. For the past seventeen years the Norwich Police have used the Ford Crown Victoria police car. The 'Crown Vic' was discontinued in 2011. The current low bid police car in New York State is the Second Generation Ford Police Interceptor - very similar to the civilian version Taurus. The day in Syracuse included classroom instruction and was followed by several laps on a track circuit putting the car through a rigorous day of track driving. Because of the cost and the fact that the 2013 version of the Ford is available in All Wheel Drive, this is the most likely replacement for the next Norwich Police patrol cars.

MAY

May 10, 2012 - The Norwich Police and Fire Departments participated in the Norwich High School S.A.D.D. Chapter's 'Mock Crash'. Students from the senior and junior classes organize, plan and execute the theatrics of presenting this anti-DWI drama. The mock crash is conducted every two years and presented just prior to the Junior Prom and Senior graduation. This presentation involves the response of police, fire and EMS to a two-car crash with multiple injuries and at least one 'death'. The presentation takes place in real time and culminates with an arrest of a student 'drunk driver' and a hearse removing the body of a 'deceased' student. This dramatic presentation holds the attention of the student audience and it is certain this leaves an impression in their memories.

May 19, 2012 - Norwich Police officers attended the Norwich High School 'After Prom' party at the YMCA. Officers provide a positive presence at the event and serve as an anti-drunk driving influence.

May 15, 2012 - PO Clarke and his K9 partner Weeks respond to Norwich High School at 5:30am just prior to departure of the Senior class trip. PO Clarke and Weeks inspect luggage and offer safety reminder tips to the students before they leave for their Senior Class Experience.

MAY

May 2012 - Over a period of a week in May all Norwich Police officers attend firearms qualification and training at the police department pistol range off County Rd 36 at the top of Polkville Hill. Officers are required to successfully fire the police combat course using their duty side arm and duty rounds immediately upon arriving at the range. There is no 'warm-up' period. Officers experiencing difficulty receive remedial training. After the sidearm qualifications, officers then qualify with Remington 870 .12 gauge shotguns. Officers also fire a familiarization course with the department's rifles. All officers successfully qualified with all department weapons. Officers are then allowed to qualify with off-duty weapons that are not department issued. The police range is overseen by Firearms instructors Sgt Scott Meade and PO Jeremy Burdick. These firearms instructors also qualify any retired Norwich Police officers who choose to carry firearms under the auspices of the federal Law Enforcement Officers Safety Act of 2004.

May 2012 - Sgt Scott Meade returned from military activation with the USAF(ANG). Sgt Meade had been on active military service for over two years in the Global War on Terrorism. This brings the Norwich Police Department back to its full compliment of officers for the first time in many years.

2012 ANNUAL REPORT

JUNE

June 4, 2012 - The Norwich Police took delivery of two 2013 Ford 'Second Generation' police interceptor patrol cars. The most noticeable difference is; for the first time since 1976, the color of the police cars is the traditional black and white. These new patrol cars are similar to the civilian Ford Taurus, but have many added police only options. These cars were ordered with the option of All Wheel Drive. This AWD will be important from October to April when at any time we could have snow covered roads. The 2013 Fords have V6 engines and we can expect to see a decrease in fuel consumption when compared to the V8 Crown Victoria patrol cars used for the past 17 years.

In conjunction with the change of vehicles and colors, the police department also purchased a surplus patrol car from the Village of Greene NY. The Greene Police Dept had ordered a new K9 vehicle and their former K9 vehicle was in much better condition with less miles than the current Norwich Police K9 vehicle. This transfer of ownership was advantageous to both municipalities.

As soon as the street is closed, scores of Gus Macker basketball hoops and courts are set up. The street remains closed until late Sunday evening as thousands of 3-on-3 players and spectators watch 16 hours per day of street basketball. The Norwich Police are assisted in this event by Fire Police, who also help at many of the parades and events held in Norwich.

AUGUST

August 1, 2012 - A month long investigation into the sale and possession of heroin and other illegal substances ended with the execution of a 'no-knock' search warrant at a Pleasant St. residence. Dep/Chief Marsh, Detective Purdy and members of the NYSP CNET unit had conducted surveillance and used other resources to further this investigation. At approximately 9:00pm Norwich Police Officers accompanied by Chenango County Sheriff's deputies made a dynamic entry into the occupied residence. The swift entry, aided by the use of distraction devices, prevented the destruction of evidence inside the two-story residence. Once the three people inside were secured, officers conducted a search that yielded over 80 packets of heroin, 'crack' cocaine, several items of drug paraphernalia and US currency. A Norwich man and two Utica men were arrested for drug related felonies associated with the sale and possession of controlled substances.

The truck was 130 feet in length and entered the city limits, at a walking pace, on Plymouth St, then to Pleasant St to North Broad St and exited the city on Rte 12 north. Several streets signs were removed by DPW workers and tree limbs were trimmed to allow this cargo to pass. This truck & trailer had three sets of steering axles.

After as much information as possible was obtained, Detective Purdy applied for a Search Warrant from Chenango County Court. Surveillance continued on both buildings after the search warrants were signed. A joint raid team made up of Norwich Police, Chenango County Sheriff's Deputies and NY State Police. 2012 ANNUAL REPORT

DECEMBER

In 2012 Norwich Police Officers and Sergeants were issued shields with individual numbers. This was the practice in the Norwich Police in it's earliest years. Individual shield numbers at some point were ended for reasons unknown. A police officer's shield is more than a symbol of worn on a uniform. It also acts as a form of identification and authority. Maintaining an inventory of this important piece of equipment was difficult with no number, additionally, the loss of a police shield is a serious matter. The need for serial numbered police shield was evident and long overdue.

2012 ANNUAL REPORT

Early in the year Norwich Police officers recognized our response to several calls for service involved the same locations and people. Such reports as; stolen cars, larcenies, public disturbances, robberies, etc. Because only a relatively small segment was occupying the time and resources of our agency, we developed a strategy to focus on certain areas and neighborhoods. It was determined the best course of action, considering our limited resources, was to supplement on-duty officers with additional officers on overtime. Some officers in uniform, others in plain clothes and unmarked cars. The days and time of day these officers would work relied upon calls to our TIPS line and other intelligence gathered from officers investigating other complaints. Officers were sent to nearby police departments to ride with, observe and learn techniques for using this type of patrol. The results of this initiative proved successful and the police department intends to continue with this intelligence based patrol method in the future.
